Mr. Wesley Signs
P. O. Box 93
Steamboat Springs, Colorado

Dear Wes:

As per our discussion in Vernal, I checked the records and pulled together many of the early decrees, the Federal decree on Pot Creek, and the original memo of understanding. There is also a telegram of instructions from the judge to the commissioner.

I couldn't remember whether I was to mail these to you or to the main office in Denver. If they need a copy, perhaps you could make one and send it to them.

See you at our next meeting in Steamboat Springs.

Yours truly,

Donald C. Norseth
